THE EXHIBITORS' OPINION – THE 3D PRINTING DAYS – 2017'S EDITION

PROSOLUTIONS, **Łukasz Majewski – - the owner: This is the first time we have exhibited at the Kielce expo – this has been a truly positive experience. We had a lot of inquiries about our products at the expo.**

3D Academy of the University of Technology, **Engineer Michał Kowalik PhD - Head of Postgraduate Studies / 3D Academy Project - 3D design and printing: Definitely the 2017's Targi Kielce Industrial Spring is one of the most interesting events of its kind in Poland.**

SOLVEERE, **Wojciech Gaweł – CTO: The Industrial Spring upward trend we have observed is really amazing. [...] increased number of visitors, well targeted audiences – fewer hobbyists and a great number of professional visitors.**

CADXPERT, **Adam Przepolski - sales engineer: We have joined the previous editions [..., therefore we have solid basis for comparison. First and foremost, there has been a large target group of our customers, Polish industry representatives.**

BIBUS MENOS, **Agnieszka Ejsmont-Mierzwinska, Rapid Prototyping Systems Specialist: The number of visitors has been a positive surprise for us. Mostly engineers, technicians, designers and creators were our expo stand visitors; the guests looked for new technological solutions.**

THE INDUSTRIAL SPRING MARKS THE BEGINNING OF THE INDUSTRY'S NEW SEASON!

TARGI KIELCE'S INDUSTRIAL SPRING – A SERIES OF B2B EVENTS WHICH BOASTS MANY-YEAR TRADITION. THE EVENTS' BROAD-SCOPE IS THE RESPONSE TO THE RAPIDLY-DEVELOPING METAL-INDUSTRY'S NEEDS.

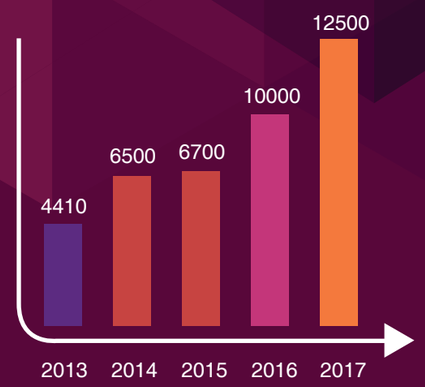
Exhibitors from home and abroad, extensive exhibition space, modern machines and technologies on display and constantly increasing number of visitors – every year in March Kielce is the world's industrial capital!

NOT ONLY IS TARGI KIELCE'S INDUSTRIAL SPRING A PERFECT PLATFORM TO ESTABLISH NEW BUSINESS CONTACTS AND RELATIONS, BUT ALSO A GOOD PLACE TO SELL MACHINES PUT ON SHOW AT THE EXHIBITION.

95% of satisfied expo visitors

98% of satisfied exhibitors

NUMBER OF VISITORS OVER THE YEARS



From 10 to 12 April 2018, the Expo Halls will be the showcase for, inter alia: metal processing machines, machining appliances, welding, sheet-metal cutting, complete production lines and ground-breaking 3D printers.

The 3D Printing Days held within the scope of Targi Kielce's Industrial Spring include:

The Central - Eastern Europe's biggest 3D printing and scanning expo

The events grow and advance with its every consecutive edition

Many exhibitors consider it the industry's most important event of the year for the whole business sector

Every consecutive year the event has seen more and more companies which professionally deal with 3D printing.

NEARLY 90 COMPANIES FROM POLAND AND ABROAD USED THE 3D PRINTING DAYS AS THE SHOWCASE FOR OVER 150 3D PRINTERS, WITH THE SPECIAL FOCUS ON PROFESSIONAL PRINTERS WHICH UTILISE METAL-COMPOSITES.

According to exhibitors' opinion, the most important factors that have influenced their decision to join the Expo:

- always-increasing number of visitors
- the expo prestige
- affordable prices
- excellent customer-service quality
- well-established position of the exhibition centre
- extensive accompanying events programme (conferences and seminars, etc.)

The event is accompanied with the Kielce Exhibition of Metal Processing Technologies STOM and the International Exhibitions: EXPO-SURFACE, CONTROL STOM, PNEUMATICON WIRTOPROCESY, WELDING
