Automatic CNC single spindle drilling line EXCALIBUR

4) SHORT INFORMATION ABOUT THE NEW PRODUCT / TECHNOLOGY (MAX 350 CHARACTERS) *

The Excalibur is the latest development in this family of CNC drills where the drilling unit positions along a support table while the part to be processed remains stationary. The line is equipped with complementary axes that enable scribing and milling operations. Thanks to its exclusive features, the Excalibur is an exceptionally versatile and brilliant solution for small and mid-size companies.
